WHAT TO PACK

It is advisable to pack as lightly as possible. Please keep the weight and bulk of your trek bag to a minimum by bringing clothes made from lightweight material. However, as the weather conditions in the Himalayas are often unpredictable, be prepared for all eventualities, be it rain, unseasonable cold or heat. For the trek, all your gear should be packed in plastic bags to protect it from the weather. The item of luggage used to carry all your belongings in the hold of the plane and to store all the items you don't need on the trek can be left behind at the group hotel used prior to the trek in Pokhara. Your trek leader will assist you in packing your trek bag and can advise what to bring and what can be left behind in Pokhara. Porters will carry your trek bag during all treks; however, there is a weight restriction of 10kg. It is recommended you take a day sack to keep a few belongings with you on your trek: waterproofs, fleece, gloves, hat, sunhat, sunscreen, water bottle and the all-important camera!

- Sunscreen, insect repellent and hat
- Personal first aid kit containing travel pills, rehydration powder, plasters, stomach settlers, antiseptic creams, aspirin, blister plasters etc

- Sleeping bag liner
- Refillable water bottle - This can be refilled for approximately \$1 for cold water and \$5 for hot water.

CLOTHING

- Long trousers - For everyday walking, light cotton or linen trousers are the most suitable. Jeans are not recommended as they are often difficult to walk in over longer distances

When applying for the visa on arrival you will need to ensure you apply for a multiple entry visa. We recommend you check the following website before travelling for all the most up to date advice, requirements and any changes:

<http://www.nepembassy.org.uk/visa.php>. We strongly advise you check with your destinations' Tourist Board or Embassy for the most up-to-date guidelines regarding required passport validity.

Please note if you are taking the Nagarkot extension at the end of your tour, you will need to apply for a 30-day multiple tourist visa (currently USD \$50).

If you are taking the **Tigers of Ranthambore extension** the following visa advice for **India** will apply: A visa is required for entry into India. British Citizen Passport Holders will need to obtain a tourist visa. We work closely with The Travel Visa Company who will be able to arrange your visa on your behalf. Please call them on 01270 250 590 and quote "Mercury Holidays". The Travel Visa Company can only apply for this 120 days before your proposed travel date. When calling the Travel Visa Company they will advise you of any changes to the fees or the procedure, they will also advise you of all information they will require in order to apply for the visa. Alternatively you can visit The Indian Visa Application Centre in London: 142-148 Goswell Road, London, EC1B 7DU. Your passport must be valid for at least 6 months before you enter India. Visa requirements are subject to change and obtaining a visa is the responsibility of the traveller and not Mercury Holidays. We recommend you check with your destinations' Tourist Board or Embassy prior to departure for the most up to date guidelines regarding visas and passport validity.

Insurance

We strongly recommend that you and all members of your party are suitably insured as soon as you book your holiday. It is a condition of booking that you must have suitable travel insurance. It is important that

you purchase travel insurance that suitably covers your participation in whatever activities you may undertake at the time that you make your booking. To assist you with this, we have arranged travel insurance in partnership with Holiday Extras. To arrange your travel insurance with Holiday Extras, please call **0800 781 4237** and quote **'WK830'** for preferential rates. Please ensure you provide us with the name of your insurer, policy number and their 24 hour emergency contact number as soon as possible. Mercury Holidays will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

Health and Vaccinations

It is your responsibility to check any health and vaccination requirements applicable to your booked arrangements. We can only provide general information about this. Health and hygiene facilities and disease risks vary from country to country. You should take health advice about your own needs as early as possible and in good time before your departure. Sources of information include; www.fco.gov.uk, www.travelhealthpro.org.uk/, www.hpa.org.uk, your General Practitioner or a specialist clinic. Flying insects including mosquitos are common in this part of the world. You may find it useful to wear long-sleeved, long-legged clothes and use repellents which contain DEET.

Altitude Sickness

Altitude sickness is a fairly common condition that can occur when you ascend to a high altitude (generally higher than 2,500 metres above sea level) quickly. The decrease in atmospheric pressure can make breathing more difficult as the body is not able to take in as much oxygen. Most cases are mild with symptoms that can include: headache, nausea, dizziness and exhaustion. Several of the places on your trekking holiday are located at high altitude. Therefore, you may find you experience some symptoms at this altitude. It is advisable at these high altitudes to keep hydrated and avoid alcohol. If you do experience symptoms of altitude sickness during your tour, ensure you tell your guide immediately who will be able to advise the best thing for you to do. It is advisable to consult your doctor before your holiday for any advice on the effects of altitude sickness and if you have any health problems that this could affect. It is also advisable to carry the name, address and telephone details of your GP; in the event that you feel unwell, your insurance company may require this information.

ABOUT YOUR WALKING HOLIDAY

Physical Accessibility and the Walking Environment

For this trekking holiday, previous experience and a good level of fitness & stamina are recommended. Trekking will be along well-worn paths at different paces. You will need to be prepared to negotiate steep inclines and uphill treks climbing stone steps. Your treks will be between mountain lodges and daily distances will vary from 6 to 13 kilometres. You will be able to take short breaks during your treks and you can look forward to arriving at your lodge, on average, in time for lunch. Please do consider the pace may vary depending on the abilities within the group. Most of the treks will take place in the morning allowing you to have the afternoons at leisure to relax or make the most of exploring the local area. It is important to note altitudes vary between 1170m and 1780m for most walks; the highest altitude that you will reach will be around 2000m. We recommend carrying a small backpack and if you are in any doubt as to the tours suitability, please speak to your GP as soon as possible as this is a physically challenging holiday.

This tour is accessible to most people with a good level of fitness and normal mobility. It involves climbing of steep stairs and getting on and off coaches. This tour is not suitable for anyone with walking difficulties. All our tours feature a "Tour Pace" to help find the right holiday for you. To travel on any of our tours requires unaided mobility and the ability to stroll around the sights, climb stairs and get on and off coaches and boats. The tour pace for Hiking The Himalayas Annapurna Trail is challenging. A higher level of fitness as required as you may be on your feet for most of the day though this will be interspersed with regular breaks and vary from day to day. You will be walking around the sights, getting on and off coaches, trains, boats and climbing steps which may be irregular. There may be some time spend at high altitude. You will stay in variety of hotels, possibly including overnight trains, and accommodation standards may not match those you are used to at home.

Our guides will always endeavour to provide the highest level of service and assistance; however, they cannot be expected to cater for customers who are unfit to complete the itinerary.

Climate

The climate in the Nepalese Himalayas can vary. In winter, days are warm, but nights and early mornings can be surprisingly cool and even cold especially when at high altitude. The rest of the year, temperatures can exceed 30°C with clear skies; however, at altitude the temperatures are lower. It is also important to remember the strength of the sun. Heavy rain can also affect the region; however, this is uncommon outside of monsoon season which runs from June until September. Please see the 'What to Pack section' for more details on clothes we recommend you take.

Tour Guides

This is a fully escorted tour, meaning that you will be met on arrival by your national guide who will remain with you for the duration of your trip.

Private Tour

If you have booked a private tour then you will be accompanied by a Driver Guide or a Driver and Local Guides. These will be available to you during all scheduled sightseeing. Private Tours can depart on any day of the week depending on flight and train schedules and the opening days of the attractions. They will follow the itinerary as described in the brochure unless you have been advised otherwise and you will still have all of the same meals, sightseeing and local excursions included.

Currency Exchange

The currency in Nepal is the Nepalese Rupee or NPR, which is divided into 100 paisa. US dollars and UK sterling are also often accepted should you wish to keep an alternative currency on you. We recommend that you exchange your currency before you leave the UK. It is important that you budget carefully and ensure you have the right form of currency before you arrive in the country. Cash machines will also be available throughout the tour in order to withdraw money in your local currency.

Personal Expenses

You will need to take money with you to cover any personal purchases such as souvenirs, laundry, any meals not included in the itinerary as well as drinks and any additional snacks. Approximately £100- £200 per person will be sufficient for the duration of the tour. It is a good idea to try and maintain a supply of small notes and change in the local currency for tipping or small purchases.

Tipping

Tipping is not compulsory and is at your discretion. Should you wish to tip, we recommend tipping both your guide and porter approximately £3.00 (\$5.00) per person per day in total. This will be collected at the end of your tour for your convenience. Tips are accepted in the local currency, US dollars and British pounds.

Group Size

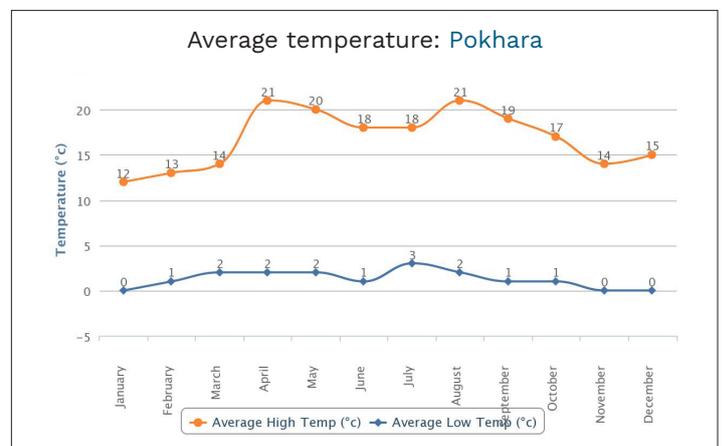

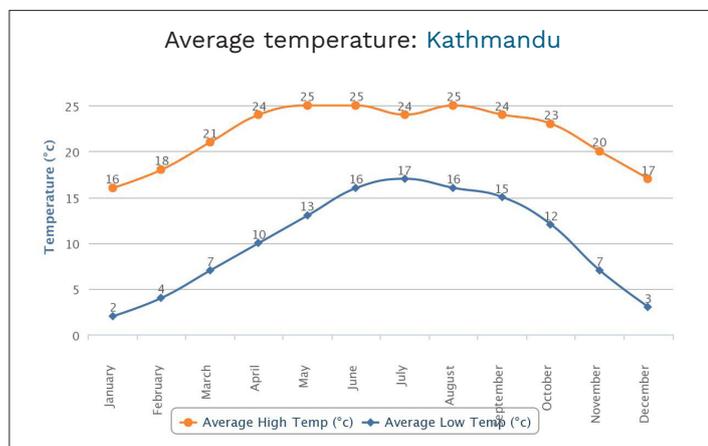

The minimum number of travellers in your group will be 7, and the maximum will be 20. If in the unlikely event there are less than 20 people booked on your tour date, we will endeavour to reduce any disruption to your holiday and try to operate your tour with lower passenger numbers. If we are not able to operate your departure date, then you may be asked to change to a different date and a full refund will be made available to you should this alternative not be suitable.

Itinerary Changes

The order of events and sightseeing may vary according to local conditions or for operational purposes. Your local guide will inform you of any schedule changes as they are informed of them. Some road construction and/or weather conditions may lengthen the driving/ trekking times. Our intention is to adhere to the day-to-day itinerary as printed; however, order of events and sightseeing may vary according to local conditions.
